The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisors:

**AUTHORIZE THE SHERIFF TO ACCEPT A GRANT AWARD FROM THE
GOVERNOR'S OFFICE OF EMERGENCY SERVICES
(ALL DISTRICTS) (3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Request the Mayor of the Board of Supervisors to provide a wet signature to the Certification of Assurance of Compliance (Attachment I) as required by the Governor's Office of Emergency Services (OES), authorizing:
 - The Sheriff, on behalf of the Southern California High Tech Task Force, to accept a High Technology Theft Apprehension and Prosecution Program grant award from the OES, for Fiscal Year (FY) 2006-07, in the total amount of \$2,426,528.
 - The Sheriff, or his designee, on behalf of the County of Los Angeles, to serve as project director of the program, to sign and execute said grant award, and to perform all further tasks necessary for completion of the project, including execution of amendments, modifications, extensions, contracts, and other award documents.

PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION

On April 24, 2006, the OES notified the five California High Tech Task Forces of their allocations, each in the amount of \$1,941,222, with a required match of \$485,306.

A Tradition of Service

This letter requests authorization, by way of a signed Certification of Assurance of Compliance, as required by the OES, to apply for the earmarked allocation of grant funds for the Southern California High Tech Task Force Program for the period of July 1, 2006, through June 30, 2007.

The Southern California High Tech Task Force (SCHTTF) selected the Los Angeles County Sheriff's Department (Department) to be the lead agency for receipt of the OES grant award for the High Technology Theft Apprehension and Prosecution Program (HTTAP).

Senate Bill 438 and Penal Code Section 13848 established a program of financial and technical assistance in the OES, which has been designated to the HTTAP. The OES awarded a HTTAP grant to Los Angeles, Orange, and Ventura Counties, which make up the SCHTTF. The grant was awarded to the Department, who was designated by your Board as the project director.

There are currently 15 law enforcement agencies in the SCHTTF servicing Los Angeles, Orange, and Ventura Counties. There are six police departments, three sheriff's departments, two district attorney's offices, two Federal agencies, and two State agencies. These agencies, bound by the Memorandum of Understanding, collaborate efforts to investigate, apprehend, and prosecute perpetrators of high technology crimes. There is also a Local Steering Committee comprised of members of high technology private industries, law enforcement, and academia.

The Department provides in-kind match and manages the grant funds for the task force and participating agencies. All participating agencies will contribute at least one task force member to assist in task force investigations.

Implementation of Strategic Plan Goals

The program conforms to the Los Angeles County Strategic Plan Goal No. 1, Service Excellence, by providing committed employees to support the SCHTTF in the community. The task force will continue to reduce the number of high tech crimes and improve the quality of life for citizens in Los Angeles, Orange, and Ventura Counties. The program also supports Strategic Plan Goal No. 5, Children and Families' Well-being.

FISCAL IMPACT/FINANCING

This grant award is for the 12-month period, commencing July 1, 2006, and ending June 30, 2007. The grant award includes salary funding of \$639,028 to the Department and \$234,795 to the Los Angeles District Attorney (LADA), for administration,

investigation, operations, and prosecution for the task force. Approximately eighty-seven percent of the LADA program cost will be offset by the grant funding, the remaining thirteen percent will be absorbed by LADA. A twenty-five percent in-kind match of \$485,306 is required to receive grant funding. The Department is contributing to this match by donating portions of a lieutenant, a sergeant, and four detective positions. Grant funding for operating costs, training, and equipment amount to \$712,139.

Funding for the Department's and LADA's budgets for FY 2006-07 has been included in each department's FY 2006-07 budget. Agencies outside the County receiving salary funding are Ventura County Sheriff (\$53,508) and Ventura County District Attorney (\$301,752).

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Due to the passage of Senate Bill 438, Los Angeles, Orange, and Ventura Counties' law enforcement and prosecution agencies are involved with local and State law enforcement agencies in the California High Technology Theft Apprehension and Prosecution Program. This program has become a State-wide effort to address the growing rate of high technology crime that is either undetected, unenforced, or unreported to law enforcement. According to the Federal Bureau of Investigations' 2005 Computer Crime Survey, high technology crimes in the United States costs businesses \$67 billion each year. The participating agencies of Los Angeles, Orange, and Ventura Counties are one of the State's regional task forces under this program. Other regional task forces are currently operational in the Sacramento, Napa, Santa Clara and San Diego Counties.

This board letter has been reviewed and approved by County Counsel and other affected County departments.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This program, continuing into its eighth year, has created workload increases for the County Justice Departments, including the District Attorney, Public Defender, and the Alternate Public Defender, as suspects are investigated for and subsequently charged with their crimes. However, the benefit to public safety of the County far outweighs the additional impact to the County Justice Departments.
